AMENDMENT

In the Title:

Please delete the current title and replace it with "Browser-Based Computerized Prepress".

In the Claims:

Please amend claims 62, 66, 79, 95, 101, 104 and 105 as indicated below. For completeness, all pending claims are shown including the ones that are not being amended in this correspondence. The claims with changes marked are attached following the remarks.

62. (Amended) A computerized prepress method comprising:

storing on a server computer system a computerized prepress software system, wherein the prepress software system includes a downloadable document authoring program having one or more authoring tools used to author an electronic document;

wherein the downloaded program executes in a web browser and displays the electronic document in WYSIWYG form to the user, and at least one of the authoring
